BENETEAU 331

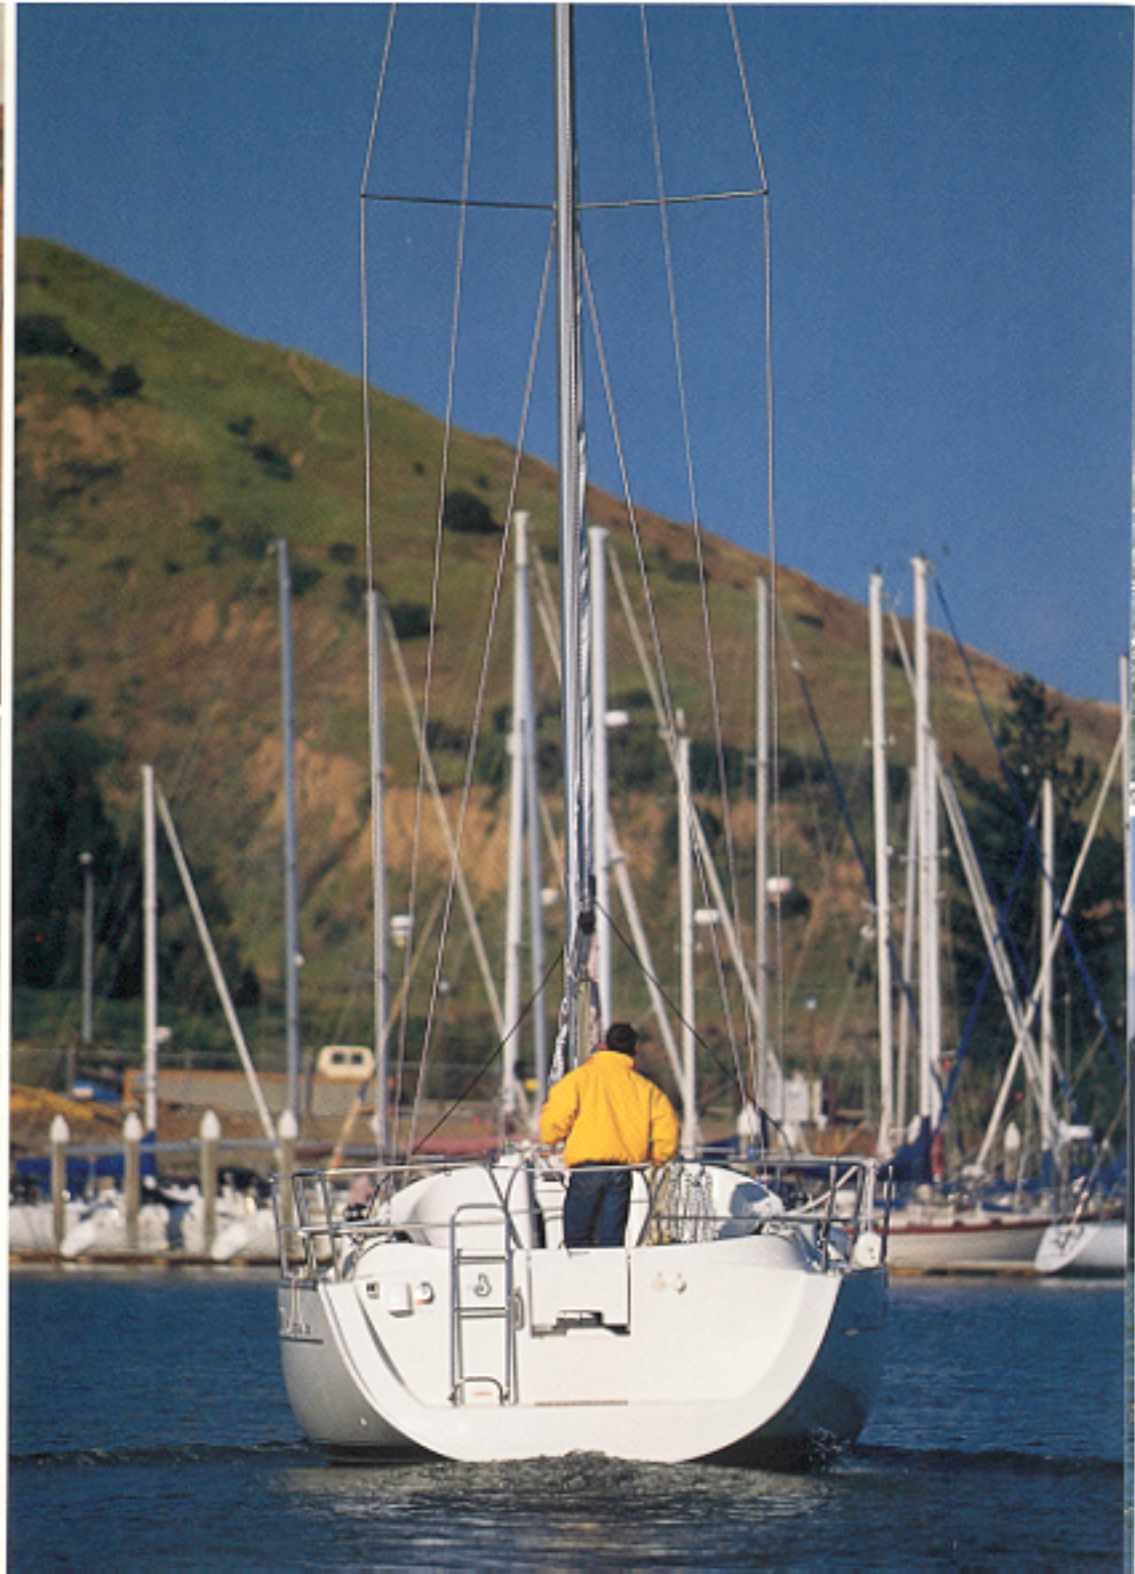
The Beneteau 331

The first comment most sailors make about the Beneteau 331 is "I can't believe this boat is only 33 feet long!" And once you step aboard this amazing mid-size passage maker, we believe you'll agree.

Built for comfort and ease of handling, you'll appreciate the wonderful performance capabilities and enormous interior volume – whether you're taking her for a weekend cruise or racing in a Wednesday night regatta.

It All Begins In The Cockpit. On any yacht, the cockpit becomes the center of activity. It's where you'll find the helmsman, behind the wheel, guiding the performance hull through the wind and waves. It's where your crew and guests gather when the anchor is set and the drinks are poured. That's why you'll find so much attention to detail dedicated to the cockpit area.

For ease of handling, all lines are led aft to the cockpit, including standard roller furling main and jib. For beauty, the seats are teak inlaid. For spaciousness, additional seats are mounted on the stern rail. For comfort, the cockpit shower runs both hot & cold water. And, finally, for gracious times while at anchor or at the dock, there's a folding cockpit table.



Interior Volume That's Truly Astonishing. Designed for maximum comfort, the interior of the Beneteau 331 boasts two large staterooms. In the aft master stateroom, there's a large cabin complete with hanging locker and shelving along the side of the hull. The private V-berth has a sliding door, hanging locker and lots of storage.

For family comfort and entertaining, the large salon will seem extravagant for a yacht of this size.

Whether you're taking her on an extended voyage or a simple day sail, you will be pleased with the efficient layout of the nav station. There's ample space for plotting navigational routes plus room for electronics and chart storage.

The large, easy-maintenance head features a marine toilet, wash basin, shower with pressurized hot and cold water, a hanging locker, and additional storage.

Luxurious Galley With Improved Space. Building upon the success of larger sister ships like the Beneteau 361, the gourmet galley is L-shaped with impressive counter space and built-in shelves that are perfect for your microwave and other appliances.

Other galley features found on the 331 include standard refrigeration, hot and cold water, lots of dry storage space, custom cabinetry, built-in cutlery drawers, and a double stainless steel sink. It's enough to make any sailor want galley duty!

BENETEAU 331

NEIL PRYDE INTERNATIONAL

An Abundance Of Light And Ventilation. Throughout the interior, you'll discover the custom handcrafted woodwork and fine joinery that has become a Beneteau hallmark. You'll also be struck by the increased light and ventilation that has been designed into this mid-size family cruiser.

Combining Comfort, Performance, Strength And Confidence. Designed by Groupe Finot, the Beneteau 331 offers a sophisticated hull shape with traditional lines.

Being extremely well constructed and strong, she is the epitome of a mid-size cruising boat. Her ease of handling is accented by top-of-the-line deck hardware and a standard roller furling mainsail.

A Welcome Addition To The Beneteau Family. For anyone who is looking for the perfect cruising yacht for a couple or family, it's worth a trip to see the Beneteau 331. Packed with features and standard equipment that are normally only found on much larger boats, the 331 is a welcome addition to the Beneteau line of cruising sailboats.
