

IYBA^{PRO}

Your Portal To The Future

What is the IYBA Portal?

A member listing service that is controlled by all participating Professional IYBA members and is meant to play the role that the "Broker Reciprocity Program" does for the real estate industry. As we roll this out to members, we have completed testing and, combined, have over 13,500 listings that members can make available to each other with dozens of specialized data feeds for search, vessel details display, marketing material generation, SEO optimization and so much more!

Why did we create it?

Because it has been the #1 request for years! IYBA is the world's largest association of yacht sales professionals and related businesses. Our platform enables brokers to control & share their data **fairly, economically & very effectively!**

What are some of the major benefits?

ADVERTISE MEMBER LISTINGS

on your websites in exchange for allowing other members to advertise your listings on their websites - or simply advertise your own listings forever & store your data securely with download access to your pics!

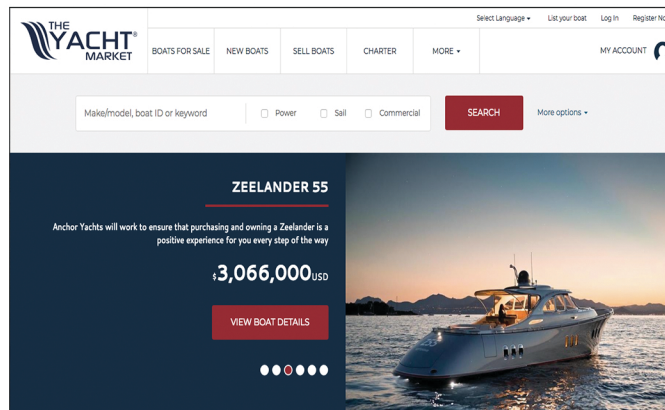

MORE THAN BOAT SPECS!

Add marketing fields, media, maps, news, events and even custom fields to boost SEO, create marketing material, build search websites - all while creatively and uniquely advertising listings in your websites!

Created in 1987 to unite those engaged in the yacht brokerage industry, the International Yacht Brokers Association is working to set the standard for professionalism and cooperation among our

members and to promote and maintain high standards of conduct in the yacht brokerage business.

In that spirit of unification, we are very pleased to invite you to participate in the IYBA Vessel Portal!

FEEDS TO POPULAR SEARCH SITES SUCH AS...

Marinesource.com
TheYachtMarket.com
Rightboat.com
YachtAuthority.com
Moreboats.com
ApolloDuck.com
Topboats.com
Boatdealers.ca
Yachtall.com and more

with absolutely NO additional IYBA Pro SERVICE CHARGES!

The IYBA Vessel Portal is now open for registration!

Portal access and data feeds are currently FREE to all 'Professional' members.

Simply take ownership of your account and keep your listings current AS SOON AS POSSIBLE
