Description

Delivered in 2005 and fully refit in 2015, the 80' Lazzara "Summerwind" enters the market in pristine condition. Owned by a seasoned yacht owner and maintained by a full time crew, "Summerwind" has been in fresh water since her 2015 refit and stored each winter. Attention has been paid to every detail onboard, and she must be seen to be fully appreciated.

"Summerwind" features the desirable layout of the 80' Lazzara, with three guest staterooms amidships, and two additional staterooms - for guests or crew - forward. Her full-beam master offers spacious and comfortable accommodations with ample storage space and en-suite head. Guests will find similarly comfortable rooms onboard, all with en-suite heads.

Additional amenities onboard offer options for on-board entertainment, enjoyment, and relaxation. The large aft deck and flybridge offer options for alfresco dining. The flybridge also offers a jacuzzi tub with sunpad and wetbar. If watersports are on your list of to-dos while onboard, you'll find ample space to store jet skis (in the port and starboard jetski lockers), a tender (on the hydraulic swim platform), and more (atop the flybridge, aft).

"Summerwind" checks every box in an 80' package, and is priced under \$2 million. She is not to be missed.

Key Features:

Awlgripped, stored all winter, fresh ceramic coat

Hydraulic swim platform

Full refit and paint in 2015, teak decks, hydraulic platform, paint, interior,

Immaculate condition

Bottom completely stripped in 2019 new barrier coat and seahawk in the spring

Vessel Walkthrough

The teak-soled aft deck of “Summerwind” features a large and beautifully polished teak table with newly upholstered built-in seating and teak chairs. A convenient Quartz wet bar with beverage refrigerator is situated to port. The flybridge can be accessed by way of stairs from the starboard side, where the captain will also find a convenient docking station.

The hydraulic swim platform is accessed from the starboard stairway. This area features teak sole, freshwater washdown, and port and starboard jetski lockers which conveniently house the included jetskis. The 14’ Nouvarania tender is also stored on the swim platform.

Entering the full-beam main salon through the stainless steel and glass doors from the aft deck, the modern interior will impress. To port is a “L” shaped sectional couch with custom glass coffee table and additional seating to starboard. The flatscreen TV is built into a custom cabinet with storage underneath.

Forward of the salon is the formal dining area onboard “Summerwind.” It features a high gloss wooden dining table and seating for six. Cabinets surround the table and offer storage for stemware and dining ware. To starboard, a buffet divides the space from the stair access to the midship accommodations.

A hallway leads forward from the dining area to a convenient day-head and country kitchen style galley. The galley is modern in design with quartz countertops, bamboo flooring, and new wall and headliners. Equipment in the galley include a full size refrigerator, 4-burner stovetop, oven, dishwasher, sub-zero freezer drawers, and microwave. Completing the space is a dinette with quartz top and leather wrap around settee - the perfect spot for a casual breakfast, or enjoying the views underway. The helm station is situated to starboard.

Following the stairs down from the salon leads to the three mid-ship staterooms. The full-beam master stateroom is aft, featuring a king sized berth with walk-in closet and en-suite head with his-and-hers sinks. The head also features marble countertops and an enclosed shower with marble walls. Forward of the master stateroom, are two mirrored VIP guest rooms, each featuring a queen sized berth and en-suite head.

Two additional staterooms are accessed from the stairway in the galley. These rooms can be utilized as crew quarters, but are also nicely appointed and fitted for use as guest accommodations. The two forward staterooms both feature en-suite heads, and twin bunk beds with sleeping for up to five.

The flybridge is accessed either from the aft deck or by way of an enclosed stairway leading from the galley. Atop the flybridge, a jacuzzi, wet bar, and comfortable settee entice guests to enjoy the view. A 40” TV and Fusion sound system provide entertainment, and the under-bar refrigerator and ice maker ensure the drinks stay cold. To aft on the flybridge, there is an electric grill and additional storage for tenders and toys hoisted aboard via 1500-lb davit.

Aft Deck:

- Teak decking
- Teak Table with built-in seating - new upholstery in perfect condition
- Wet Bar with Quartz countertop
- New Beverage refrigerator
- Starboard cockpit docking station with Caterpillar controls, bow & stern thruster controls, air horn, engine shutdown.
