THE EXPERT'S VIEW

Unique and new to the market, AMANTI is an exceptionally high volume, globally capable vessel. Designed by Donald Starkey and built by Feadship to the highest standards, she offers a beautifully refined anigre paneled interior. AMANTI has had only 2 owners since launching and, after 8 years of cruising with a large sportfish in tandem, the owner has decided to downsize. A fantastic yacht that should not be overlooked by anyone seeking a truly global cruising yacht.
