FRACTIONAL OWNERSHIP OF A WORLD CLASS YACHT

A woman with long brown hair and a tattoo on her right arm is snorkeling in clear, vibrant blue water. She is wearing a white bikini top and black fins, and is positioned diagonally across the frame. The water is filled with numerous small, colorful fish, including black ones, orange and white ones, and silver ones. The bottom of the water is sandy and white, with some coral visible on the right side. The surface of the water is visible at the top, showing ripples and reflections of light.
