

BENETEAU 49

BENETEAU

THERE IS ALWAYS SOMETHING EXCEPTIONAL ABOARD A BENETEAU

Taking the exceptional to a new level

With over a century of boatbuilding, Beneteau has led the sailing industry in innovation, design, value, and the pursuit of the exceptional. Over those many years, one important lesson is impressed upon each new generation: It's not enough to rest on one's laurels - you must continuously strive to improve. In the coming months, you'll see just how seriously this quest is taken at Beneteau. Starting with our newest model, the Beneteau 49, now being crafted in Marion, SC. Truly an exceptional yacht that marks a new level in the history of blue water cruisers which are intended for discerning owners expecting the best from the premier yacht builder in the world.

A prestigious yacht that heralds a new era for blue water cruising

Elegance and setting new levels of expectations for a production built yacht have been the key goals in the creation of the Beneteau 49. In all endeavors the leader is expected to show the way, so breaking from the traditional approach, Beneteau reached out to the best sources for conceiving the modern and exceptional. For the hull and deck, Beneteau chose to collaborate with *Berret-Racoupeau* who created her sisters, the 343, 373 and 393. Beneteau then looked to the Italian talent of *Nauta Yachts*, with their 20 years of experience in boat accommodations and interior design, for the exciting style of the new Beneteau 49.

BERRERACOUPEAU
YACHT DESIGN

A powerful hull and striking deck by the naval architectural firm Berret-Racoupeau

By intelligent creative work the *Berret-Racoupeau* office modernized the profile and look of this new yacht while retaining the hallmarks that have made Beneteaus admired for decades. Light, ventilation, clean lines, ease of movement around the boat, and an ergonomic cockpit are many of the criteria which guided the development of the first-born in this new generation. With an ever so slightly arched coach roof and a softly aggressive sheer, the Beneteau 49 will certainly make you the envy in any harbor.

NAUTA YACHTS

Superb style and elegance by Nauta Yachts

For a dramatic interior, the Beneteau R&D office worked closely with the famous Italian designers, *Nauta Yachts* (best known for their signature interiors of mega yachts) to create a bright, warm and welcoming atmosphere. Superbly clean lines combined with the functional demands of great yachts are the results of the expertise of these talents from Milan. From the smallest details, such as the texture of fabrics, to the shape of lighting, the cohesive whole of Nauta's touch is exceptional. The dynamic and plush interior style utilizes cabinetry in Moabi hard wood, stainless steel and off-white surfaces to truly bring the Beneteau 49 to a new level of interior luxury and appeal.

Principal characteristics and Performance

| | |
|-----------------------|--------------|
| Length overall: | 49' 6" |

| Ballast – Optional: | 8,270 lbs |
| Fresh water capacity: | 150 gal |
| Fuel capacity: | 63 gal |
| Total Sail Area: | 1210 sq. ft. |

As for her sailing qualities...

When designing the hull *Berret-Racoupeau* laid particular importance to initial stability, efficient appendages, a manageable rig, upwind and downwind performance, at sea ability, and a balanced helm. The twin steering stations allow for extraordinary visibility and ease of handling. As said by Bruno Belmont, the manager of Beneteau sailboat development, “a dream to sail in all conditions, setting a new high for us.”
