**T**he Hunter Passage 450 was designed, engineered and

built to provide the owners the ultimate in comfort and livability. The spacious salon is both well ventilated and well lit with its many

ports, hatches and the innovative Hunter windshield.

Dining, entertaining, or just relaxing is all easily accomplished aboard the 450.

Moving aft from the salon, the mid-cabin head is positioned to enhance access from the salon and cockpit areas. Corian® counters, plentiful storage and an easy-to-clean finish makes the head practical and good looking.

# H U N T E R

The owner's suite offers superb accommodations in an expansive area. A real queen-size, innerspring mattress adorns the master berth while a huge amount of hanging lockers and shelving provide great storage. The

combination shower and bathtub lie behind the custom shower door and the desk/computer station is perfect for the mobile executive.

Forward, you'll find the guest stateroom with a full-

size double berth and a full set of drawers and hanging lockers plus a private head with shower. Extended cruising or living aboard, the fully equipped galley makes it so easy. Wide Corian®-fiddled counters give plenty of prep space and the dual opening refrigerator makes access quick and easy. Twin stainless sinks, a convenient cutting board, gimbaled range and oven plus a microwave

will thrill any chef. Secure storage and non-slip flooring makes cooking in a seaway safe and easy.

## WE GO THE DISTANCE!

The Hunter Marine Team is committed to crafting the best boat possible.

To this goal we continue to develop innovative and affordable solutions to sailing's challenges, for this and the next generation of sailboats.

It is our desire that your time on the water be the basis of your fondest memories.

A wide-open cockpit houses the rack and pinion steering, cockpit table, a full array of electronics plus allows additional seating and storage.

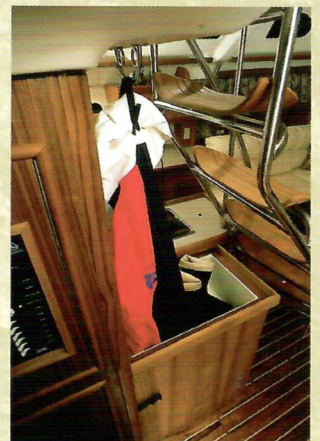

Engine instruments are positioned on the arch, leaving more space on the console for electronics.

Full-transom storage is easily accessible and can house a dinghy, outboard, and even a set of scuba tanks.

The propane locker is convenient in the cockpit.

A self-draining wet locker is placed where you need it.

A standard Lewmar® electric halyard winch takes the stress out of raising the main or the bosun's chair.

Offset anchor rollers, a deep chainfall and under deck windlass make handling ground tackle a snap.

A full-size nav station can house all the gear in the overhead panels.
