Recharge Overnight . . .

... Cruise all day on a full charge!

RELAXING . . .

We've said it for 30 years . . . "Duffy does six knots better than any boat in the world!" The Duffy 21 delivers uncompromising comfort in a delightful whisper quiet electric drive system. No noise, no smoke, no fumes . . . the soothing sound of water lapping against the hull will quickly unwind a hectic day . . . relax and enjoy the ride.

QUIET . . .

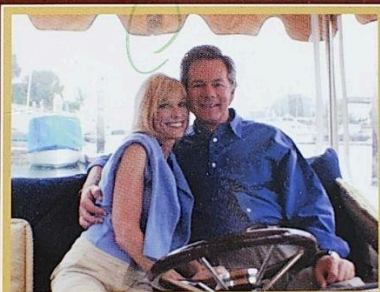

Experienced boaters and sailors marvel at the quiet, efficient power Duffy delivers. Our powerful electric motor operates in near silence, affording captain and guests to enjoy conversation, a wonderful sound system, or soulful thoughts, without the thumping and coughing of a combustion engine.

EASY . . .

You don't have to be the captain of an aircraft carrier or spaceship to handle a Duffy . . . although two of our owners are . . . the enjoyment of Duffy boating is ideal for the most novice boating enthusiast. From grandkids to grandmothers, everybody enjoys the easy handling and responsive maneuvering of Duffy boats, . . . unplug, untie and go!

30 YEARS . . .

OVER 4,000 Duffy boats are cruising worldwide from North America to Asia. Newport Beach, CA, one of the largest pleasure boat harbors in the world, is home to over 1,000 Duffy's, easily making Duffy the most popular boats in this seaside community!

"...We are avid Duffy boaters. Our Duffy 21 is the ideal choice for our waterfront lifestyle...truly a pleasure to own."

Optional Power 48 Volt Premium Power, Top Speed 7 Knots

Defining Performance Electric Boats . . .

Comfort & Power

With over 30 years experience in saltwater, wind, current and weather, we understand the features and designs which ensure low maintenance, performance electric boating year after year.

From our wire harness to our solid stainless steel hardware, we invite customers to take a closer look 'under the hood'!

DUFFY VOYAGER The world's most advanced ocean going electric boat. This same technology is incorporated in every Duffy.

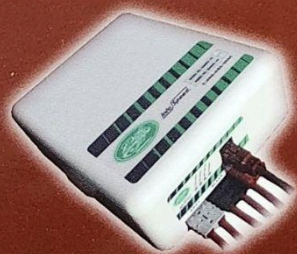

PREMIUM POWER, WHISPER DRIVE™

Advanced DC Motors offers Duffy owners the most efficient and powerful motors in the electric boat industry. Whether our standard 36 volt Power Plus, or the exceptional 48 volt Premium Power, our Duffy experts will match the drive system best suited for your waterfront.

TROJAN BATTERIES . . . THE MILEAGE MASTERS

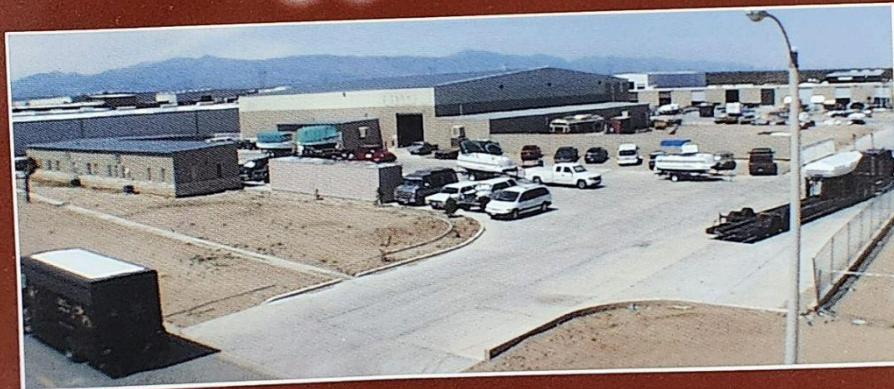

Proven for over 50 years as the most reliable and utilized lead/acid battery in the electric golf cart industry. Top of the line Trojan batteries deliver the running time and power! Easy access to batteries under port and starboard seats.

InfoSpeed™ CONTROL SYSTEM

The "BRAINS" of our system is a plug-in, plug-out controller with self diagnostics. The Info-Speed™ system offers variable speeds in forward and reverse from neutral to full power. Our electronics allow for immediate direction change for exceptional control and maneuvering.

WORLD CLASS MANUFACTURING

Located in southern California's high desert town of Adelanto, Duffy boats are built in a 60,000 square foot facility on over five acres. We manufacture the entire boat from fiberglass to canvas products. By focusing on electric boats only, Duffy is touted as the premier product line in the industry.

RELAXING

- Soothing, comfortable boating
- Like a living room on the water

QUIET

- A feel of 'sailing' under power
- No gas, no smell, no noisy outboard

EASY

- Ideal for all boating enthusiasts
- Unplug, Untie and Go!

PROVEN

- 30 Years ... over 4000 Duffy's worldwide!

Yes...there really is a DUFFY! Seated with his wife and children, Founder and President, Marshall 'Duffy' Duffield. "I invite you to experience my passion for electric boating. It takes only one baycruise to get hooked."
