Description

2007 Champion Allante 825

This Champion Allante 825 series stands out as a rare combination of luxury, performance, and intelligent design—an exceptional example of Canadian boatbuilding at its finest. This model delivers the feel and presence of a much larger vessel while maintaining the agility and handling of a true sport boat. Its expansive cockpit is one of its most impressive features, offering generous wraparound seating, space for entertaining, and thoughtful touches such as a wet bar, additional refrigeration, and a raised walk-through windshield that provides excellent visibility and easy access to the foredeck.

Inside, the cabin is remarkably bright and spacious thanks to large deck hatches and an efficient layout. With 6'4" of headroom, a roomy mid-cabin double berth, a convertible forward dinette, full galley, and a well-appointed head with shower, the '825 is perfectly suited for weekend cruising or extended coastal adventures. The design emphasizes openness, light, and comfort—qualities that set it apart from other boats in its class.

Powered by the robust, high-performance MerCruiser 496 MAG H.O. with Bravo III O/D, the Allante 825 delivers confident handling in all conditions, whether exploring the Gulf Islands or running the open waters off Vancouver. The vessel is equipped with premium features including an inverter, Buss heating, and a full camper enclosure, making it truly turn-key and ready for adventure.

Blending big-boat amenities with sport-boat responsiveness, this Champion Allante 825 is an outstanding choice for boaters seeking comfort, versatility, and performance on the West Coast or anywhere.

NOTE: An additional feature is that in the cockpit, the aft, wrap around seats and back cushions are removable to make an ideal area for Fishing (or dancing ;-)
