

HYLAS 46

THE ONLY INTELLIGENT CHOICE.

HYLAS 46

Internationally renowned designer, German Frers, plumbed the bow and carried the beam aft on the new Hylas 46 to offer a larger water line and highest performance. The Hylas 46 interior is also quite different from other yachts. From her six large deck lights in the main salon with 6'8" headroom, to her dual passageways leading to the aft cabin, the Hylas 46 offers the light and airy space of a 60 footer. And the unparalleled teak joiner work gives a feeling of warmth and strength found only on yachts defined as luxury.

When we introduced sailing vacations in the Virgin Islands in 1968, we did so with the intent of offering the finest custom design yachts in the Caribbean. And that's exactly what the Hylas 46 does.
