

*BENNINGTON*  
2011

*“With our customers by our side...”*

*When we started Bennington in 1997, a few of us got together to determine our goals; you know, who we wanted to be as a company. The brief mission statement we wrote back then is still in use today and it includes words you'd expect from a company like ours: quality, commitment, total teamwork, innovation. But do you know what else is in that statement? Here it is. “We will continuously improve the Quality of Life of our Customers.”*

*There are just some things we cannot compromise – and knowing that our customers are our best asset is among them. Please join us in the pages ahead as we introduce you to our customers and products so you can decide for yourself if the Bennington lifestyle is right for you. We hope so.*

*– Team Bennington*

*There are people in the world...*

*who can see a new beginning in a sunset;*

*people who know that even a dog has something to teach us;*

*people who know that sometimes happiness comes from what you're not doing.*

*Keep inspiring us.*

**BENNINGTON**

LAKE NORMAN 2011

# Q Series Cruisers

## STANDARD FEATURE HIGHLIGHTS

- ▶ Fiberglass Compound Radius Bow
- ▶ Next Generation Fiberglass Console with Integrated Footrest
- ▶ Custom Sterling Gauge Package
- ▶ Sony M6 Stereo CD with Dash-mounted Remote, USB port, MP3 Recess and 6 Kicker Speakers
- ▶ Soft-Touch Pillow Top Upholstery, Wide-berth Chaise Lounges with Fold-down Armrests/Cupholders and Upholstered Gate Panels
- ▶ Pure-Comfort Reclining Helm Chair
- ▶ Stern Privacy Enclosure
- ▶ Teak Trapezoid Table
- ▶ Blue Ice LED Interior Mood Lighting
- ▶ Surlast® Playpen Storage Cover
- ▶ 10' Surlast® Bimini Top with Quick Release Fittings
- ▶ 33-gallon Center-Mount Fuel Tank
- ▶ Stainless Light Housings with LED Docking Lights
- ▶ Stainless Rub Rail

## POPULAR OPTIONS

- ▶ Elevated Helm Station
- ▶ Garmin Color GPS
- ▶ Pure-Comfort Extra-wide Helm Recliner
- ▶ Blue Ice LED Bimini Lighting
- ▶ Blue Ice LED Exterior lighting
- ▶ ESP Performance Package with 32" Elliptical Center Tube, Underdeck Waveshield, Performance Foils, SeaStar® Hydraulic Steering, Rounded Keels (*standard on QCW I/O*)
- ▶ SeaStar® Hydraulic or Power Assist Steering
- ▶ Snap-In Carpet and Full Vinyl Floor
- ▶ Walk-through Galley
- ▶ Ski Pylon
- ▶ Granite-Topped Coffee Table

2575 QCW I/O

“Is it possible to build ‘I just had the most amazing day?’” – SCOTT KANTZ, *production manager, since 1997*

2575 QCW I/O in Midnight Black/Fawn

**A** Next Generation Console includes custom teak wheel with etched bezel, Garmin depth graph, custom sterling gauge package with GPS-driven speedometer/compass heading, tachometer/hour meter, trim, fuel and volt multi-gauge, Under-dash Sony stereo CD with MP3 recess/USB port/remote console pad, master power switch, 12v receptacle, stainless cupholder and easy-reach fire extinguisher.

**B** Bow Seating with optional coffee table

**C** Ski Pylon (I/O)

**D** Center Walk-Thru Galley features sink, 2 stainless cupholders, top lid storage and side storage door. (*optional*)

# For those who prefer to fly, we offer a few upgrades...

## Triple Tubes

**Choose ESP Elliptical Sport Package... up to 350 hp**

ESP offers stability, performance, planing ability and a sharp turn radius for a "banking" turn. Designed with a patented 32" elliptical center tube and twin performance foils, ESP displaces more water and sits higher in the water for a smooth, dry ride that rivals a fiberglass monohull. Package comes with two 25" diameter pontoons with performance foils, 32" center elliptical tube with lifting strakes, SeaStar® hydraulic steering and an underdeck waveshield. We recommend the additional Power Steering option for engines greater than 150 hp.

*A 32" center elliptical tube with lifting strakes and twin 25" tubes with performance foils provide high performance banking in tight turns.*

**Choose Standard Performance Package... up to 225 hp**

A Bennington Performance Package provides additional bow lift, planing ability and increased performance. Package includes three 25" diameter tubes, underdeck waveshield and SeaStar® hydraulic steering. Add Lifting Strakes for additional speed. Add Power Steering for engines greater than 150 hp.

**Choose Express Tube Package... up to 150 hp**

The new Express Tube Package offers increased bow lift and moderately increased speed and maneuverability as an affordable alternative to a full-fledged performance package. Package includes a modified center tube and modified waveshield. Add SeaStar® hydraulic steering for engines greater than 115 hp (25" tubes required).

*Express Tube*

## Pontoons

**Add Waveshield**

To deflect water from the bottom of the deck, which reduces "surging" and enhances the soft, quiet ride in rough water.

*Underdeck Waveshield*

**Add Lifting Strakes**

To add bow lift, which increases handling across choppy water and improves speed as much as 3 miles per hour, depending on engine selection. For optimum performance, lifting strakes are recommended only for engines rated 115 hp or greater.

*Lifting Strakes*

**Add SeaStar® Hydraulic Steering**

To ease steering effort with higher horsepower engines. Recommended for engines rated 115 hp or greater.

**Add Twin 32" Elliptical Pontoons**

Add our exclusive elliptical pontoons with lifting strakes to your boat for increased speed. Each elliptical tube adds over 1,000 lbs. of additional bouyancy, allowing the boat to sit higher and run faster.

# G Series Cruisers

## STANDARD FEATURE HIGHLIGHTS

- ▶ Fiberglass Automotive Console with Custom Sterling Gauge Package
- ▶ Tiger Polished Steering Wheel with Tilt
- ▶ Sony GT Stereo CD-MP3 and 4 Ultimate Speakers
- ▶ Bucket Helm Chair with Side Pivot and Adjustable Slider

- ▶ Mold, mildew and UV resistant
- ▶ Non-skid rubberized base

# Bennington Construction

Learn more at [benningtonmarine.com/construction](http://benningtonmarine.com/construction)

◀ **THE CRITICAL DECK /CROSS CHANNEL BOND:**  
We use stainless steel elevator bolts with large gripping heads and nylon-insert locking nuts. Other manufacturers use self-tapping screws.

◀ **TALLER, THICKER CROSS CHANNELS:**  
Our through-bolted application, as opposed to screws, makes the Bennington structural assembly the best in the industry.

▶ **ESP TRANSOM CORE:**  
The ESP transom core is built with a high-density fiberglass-reinforced urethane plate encapsulated in .250" thick aluminum.

▶ **QUICK RELEASE BIMINI:**  
Bennington bimini tops raise or lower in seconds with our patented quick-release feet. The clever mechanism eliminates all rattles and is BACKED BY A LIFETIME WARRANTY.

◀ **HEAVY-DUTY STAINLESS:**  
Bennington cleats and stern corners are made of stainless steel, which is 3 times stronger than aluminum castings. Stainless combines strength and a polished finish.

◀ **FULL-LENGTH KEELS:**  
All tubes are standard with a full length keel. (Order optional solid keels for salt water.) Keels protect the tubes in shallow water and improve tracking while underway.

▶ **DEUTSCH CONNECTORS & WIRING:**  
Every Bennington has a unique, model-specific main wiring harness. Each harness features marine-grade, waterproof Deutsch connectors.

▶ **REINFORCED RADIUS BOW CHANNELS:**  
We reinforce our bow decks and corners with a .250" thick radius channel that supports our heavy-gauge anodized aluminum trim. Stronger than other bow castings, it offers superior protection.

◀ **SALT WATER PACKAGE:**  
All of our boats are built with materials that stand up to salt water. Add the optional Anode Package and Solid Keels to minimize electrolysis. Consult your dealer for further recommendations for salt water use (bottom paint, etc.).

◀ **PRESSURE-TESTED PONTOONS:** Bennington pontoons are divided into multiple air-tight chambers with individual chamber valves and vents. Tubes are pressure-tested twice before final assembly.

# Bennington Warranty

Learn more at [benningtonmarine.com/warranty](http://benningtonmarine.com/warranty)

## BOW-TO-STERN WARRANTY

As the original owner, the first five years are on us. All materials and workmanship on your Bennington are covered – including carpet, upholstery and electronics. No hassles, no worries. Materials and labor, you're covered. The engine is covered by the manufacturer's warranty.

## LIMITED LIFETIME DECK WARRANTY

As the original owner, you receive a Limited Lifetime Warranty on the 7-ply, pressure-treated marine grade wooden deck. Since we fasten the rails and deck directly through the under structure, Bennington decks flex less and will provide you with a lifetime of enjoyment. Materials and labor, you're covered.

## PARTNERSHIP WITH OUR DEALERS

Bennington pays our dealers 100% retail shop labor rate for warranty repairs. This ensures warranty work is completed quickly with your satisfaction in mind.

## 10-YEAR TRANSFERABLE WARRANTY

As the original owner, Bennington Limited Lifetime Deck and Structure Warranties are transferable up to 10 years from the original new boat purchase date, adding to the resale value of your boat.

## LIMITED LIFETIME STRUCTURAL WARRANTY

As the original owner, you receive a Limited Lifetime Warranty on the structure, pontoons, gates, channels, motor mount and seat frames. If anything goes wrong, we'll fix it. Season after season, your Bennington will be ready. Materials and labor, you're covered.

## NO HAND-OFFS TO OUR SUPPLIERS

We don't hand off warranty responsibilities to our suppliers. When it comes to stereo, canvas or carpet claims, your Bennington dealer will take care of it. After all, no one cares more about your satisfaction than we do.

## NO PRO-RATING

Bennington boats carry the same valuable warranty whether it's the first day or the last day of the warranty. We do not use a declining scale of value in our warranty, also known as pro-rating.

## BUY WITH CONFIDENCE

Awarded 9 years in a Row...NMMA's Excellence in Customer Satisfaction, recognizing manufacturers who provide an exceptional satisfaction score for overall boat, engine and dealer experience. Bennington has been awarded more independent customer satisfaction and quality awards than any pontoon company in the business.
