Description

The **Carver 36 Mariner** is a well-regarded yacht known for its unique upper deck design, multiple seating arrangements and the very spacious interior. The upper decks are easily accessed but secure and allow for safety while walking around. The helm is situated nicely in the enclosed flybridge. A full wrap around style helm that gives you great control of the vessel while underway. Then the best part, this 36 Mariner is powered by the largest Crusaders that can be ordered for this model...the 6.0L MPI runs at 375hp per side(750hp Total). A quick jump up on plane and then back off to your preferred speed. Nicely cruise at 19 MPI but can max out at 31 MPI. When coming in you have the exceptional control with a bow thruster. A very nicely designed seating setup in the flybridge. Includes a fridge and dining table.

Now below decks, the interior offers a very comfortable living space. Relax on the nicely laid out sofa on the port side or set up your office at the dining table. Full size flatscreen TV for entertainment. An exceptional sound system as well. Your galley is part of the space and has a full-size fridge/freezer. An electric 2 burner stove top and a Kenmore microwave. Large windows that let in ample light and great views of the surrounding area. The head room is 6'3+. Forward is the private master suite. A beautiful room with walk-around queen bed. More windows and an opening ceiling hatch for fresh air. Nicely carpeted and wood panels matching to the rest of the vessel. Hanging closets, upper & lower drawers and private entrance to the head. The head is quite large and has a full walk-in shower

This is a true ocean cruiser that has been designed so that when you are boating, you are enjoying it. Taking time out and to truly enjoy what the Pacific Northwest has to offer. Summer is coming and this is one style of yacht that gives you so many options.

To book a personal viewing, please call or email anytime. Located in Nanaimo BC.
